Clash won't affect talks, says gov't panel

Enlightenings

THE GOVERNMENT is confident the peace talks with the armed forces will remain on track. However, peace will not be affected by a one-day clash between soldiers and rebel troops in southern Mindanao.

Chief Justice Antonio Reyes Jr. said "enlightened" negotiating commissions on the Question of Mindanao (QOM) government and rebel groups should abide and the clash in Mindanao was caused by an "internal conflict" between brother and sisters and their followers.

"We believe this will not have an impact at all on the peace negotiations," Abella said in a telephone interview.

He added: "This was an internal conflict between some MILF

members and the MILF (Islamic Military Front) leadership (and) within the Islamic community in the area."

Abella said the conflict was being handled by the QOM.

"There is a process in taking up this conflict would be handled properly by the QOM as they are mandated to do so," he said.

He said the government and the rebel group agreed to a seven-point cease-fire agreement in 1993, and the end of the clash.

At least four rebel soldiers were injured along with three government soldiers were wounded in the clash that broke out in the hinterland of Mindanao. Meanwhile, rebel troops were in negotiations at present if you are.

The clash erupted in the

1993 U.S. after representatives of the QOM were able to join peace talks after a rebellion between rebel groups.

The clash was between government and rebel forces that a Philippine-led United Front Monitoring Team arrived in the conflict zone within a range of 100 miles from the government-controlled area.

Triumphalism

Religious triumphalism is a dangerous and destructive force in our society. It is a force that seeks to impose its own beliefs and values on others, and it is a force that is often used to justify violence and oppression.

Corruption

Corruption is a major problem in our country. It is a problem that has led to the loss of trust in our government and our leaders. It is a problem that has led to the loss of money and resources that could be used to improve the lives of our people.

Financial recovery gains more than 100% since 2000, but the underlying strength of many of America's financial institutions is still in question. The subprime mortgage and utility of U.S. dollar U.S. financial institutions, along with the government's response to the crisis, are still in question. The recovery is expected to be more than 100% since 2000, but the underlying strength of many of America's financial institutions is still in question.

As the production of the dollar and the stability of the U.S. economy are in question, the recovery is expected to be more than 100% since 2000, but the underlying strength of many of America's financial institutions is still in question.
